6 STEPS FOR RADIANT SKIN

Step 3 | EXFOLIATE

CLEAR AWAY DEAD SKIN CELLS

Rough spots and dry, flaky texture prevent skin's natural lustre from shining through. Gently clear away dead skin cells 2-3 times per week after cleansing to rejuvenate and resurface your skin. Sloughing off dead surface cells weekly helps your skin look fresh and helps it properly absorb treatments and moisturizers.

to celebrate
women**

Proudly donating \$100,000 to the Canadian Cancer Society's network of wig and breast prostheses banks.

Breast cancer remains the most common cancer among women and is the second leading cause of cancer deaths. As women contend with treatment, they may experience significant physical side effects, leading to a loss of confidence, identity, and self-esteem.

WHY WE SEPARATE THE BOOSTER GEL AND THE WHITENING TOOTHPASTE
When booster gel and toothpaste combine, an accelerated whitening process is activated. Keeping them separated until you brush ensures toothpaste's maximum performance. If mixed in container, booster action would be less effective by the time you brush.
